Description of activities	*The multiplication event took place in the premises of the state school - the secondary school complex in Brzeziny. The presentation was attended by teachers and students interested in the topic of the project (40 people in total, 9 teachers and 31 students). During the presentation, Dr. Robert Seliga presented the assumptions of the project in detail, emphasizing its goals and importance. The event was divided into breaks. After the first break, the website and the educational platform were presented. The presentation focused on detailing the modules developed by the project partners. After the presentation of the educational platform, there was a discussion about the national and international hackathons that took place during the project. The participants of the meeting shared their experiences of participating in hackathons. This part of the meeting was followed by a lively discussion and resulted in a very detailed discussion of the hackathons by the participants. This part of the meeting was followed by a discussion where participants could ask questions and discuss the project. A summary was made at the very end of the meeting.*
